Durbin

Durbin, a new and prosperous town at the juncture of the Western Maryland and the Greenbrier Division of the Chesapeake and Ohio Railway, 'a most important lumber section and business center, has shown no little enterprise in the past several yeass. Lumber camps and saw mills like magic have sprung up about it, and during the last year a large and up to date tannery was put into operation just above the town. And during the past two years an excellent church building, which does credit to the town and the enterprise of its people, has been erected and will be dedicated next Sunday, June the sixteenth.

The Rev. J. F. Prettyman, D. D., of Trinity Southern Methodist church, Baltimore, will be present and deliver the dedicatory sermon. Dr. Prettyman is one of the most fluent as well as one of the most logical and eloquent preachers of Baltimore city, was a delegate to the last General Conference of his church held at Birmingham, Alabama, where he made a very forceful impression upon that large body by his able discussion of one of the most important questions that has ever come before the church. "The Restatement of Faith."

He is now engaged in a very important local enterprise, that of building a $150,000 church in Baltimore. Ex-Governor Jackson, of Maryland, is his chief supporter in this work, which, under direction of Dr. Prettyman is meeting with noted success. The people of Durbin are fortunate in securing him for dedication day and we will bespeak for him an appreciative and responsive audience.

The dedication program includes three services, beginning at 11 a. m., 3 p. m. and 8 p. m. at each of which special music will be furnished by the choir.

This church building was begun under the pastorate of Rev. D. M. Brown and L. L. Lowance and completed under the pastorate of Rev. J W. Beall.

J. D. WILMOTH,
Sec. & Treas.

Dr. McGlaughlin Appointed

Governor W. M. O. Dawson has appointed Dr. J. M. McGlaughlin of this place as a delegate to the National Tuberculosis Convention which is to be held some time in July, in Atlantic City. Dr. McGlaughlin has always been deeply interested in this disease, and has earnestly advocated the founding of a state institution for the treatment of the disease. He is well versed in the treatment of tuberculosis and will doubtless advance some interesting information before the convention.—Webster Republican.

In Sunny South Missouri

80 acres, 40 improved; good fram barn, fair house, nice meadow, good orchard of young trees. For sale cheap—$350 cash. I sold the other 80 acres advertised in this paper. Better see about this one. It will make a nice little home. Apply to R. E. L. Dolye, Houston, Missouri.

Ice Cream Supper

The Ladie's Home Mission Society, of Huntersville will have an Ice cream supper in the old Court House yard on the evening of the 19th of June for the benefit of the Methodist church. A good time is expected. Come one. Come all.—Committee.

Queen Quality Society Shoes

IN ALL LEATHERS
$3.50
3.00
2.50

THERE is a reason why "Queen Quality" Shoes are preferred above all others by women of discrimination and taste. To ordinary shoes they are as a Worth gown is to an ordinary dress. Only a shoemaking genius can impart their "chic" and style and marvelous fit. Such shoes could be produced in small quantities only at an extravagant price. "Queen Quality" methods bring them to you at prices no higher than you pay for ordinary shoes.

A Bag of Dewey's Best Flour

will put more loaves of good bread on your table, than any other flour you can buy. We said good bread. The kind that raises right and comes out in plump, sweet smelling, well browned loaves that make your mouth water if you are around when the oven door is opened. Inside it's light and it's white—sure to be.

WE WANT YOU TO TRY

Dewey's Best Flour

Order a sack from your dealer and if you don't like it just send back what you did not use. It will not cost you a cent. We authorise all our dealers to make this offer. It helps to let the people know what the flour really is, and that is what has made the wonderful demand for it.

The flour with life in it,—the flour of health.
